

# The Downfall of Manila Is Now Expected Momentarily

## Troops of the Second Expedition Have Been Landed--The Officers are Busy Making Preparations for the Fight.

NEW YORK, July 22.—A special to the World from Manila under date of July 18, via Hong Kong July 21, says:

Everything is ready now for the word to advance on Manila. The belief is general throughout the fleet and among the American soldiers on shore, that a demand for the surrender of the city will be made before Sunday, the 2d.

The army detachment has just arrived from San Francisco and there are now six thousand United States troops here. These troops together with the fleet form a force strong enough to take the place easily.

Troops of the second expedition have been landed at Paranaque, about two miles from Manila, and have camped near the First California volunteers, who advanced to that point last Friday.

Admiral Dewey and the officers of the army held a long consultation on the flagship yesterday afternoon, after the second expedition arrived.

The American officers have been entirely around Manila familiarizing themselves with the topography of the region and gathering invaluable information for the commanders. General Anderson has personally inspected much of the country. Elaborate maps have been prepared showing the location of all the Spanish forts and guns.

It is known that the Spanish have mined the roads likely to be traversed by our troops in fighting, but the locations of these mines are known.

## CHINA IS IN A BAD CONDITION

To the Menace of Foreign Greed is Added That of Popular Discontent.

VANCOUVER, B. C., July 20.—Advice brought by the steamship Empress of India regarding conditions in Japan and China are as follows:

Dark reports come from all over China. Everywhere the Chinese are becoming excited over the demands for ports and concessions. Central China particularly is restless, and rioting has taken place at Ning Ko. Rebellions have broken out in Kwangsi, one in Wachap and another in Lauchow. The governor of Kwangsi has sent soldiers to the rebellious districts. Trouble is reported in Manchuria. Some think the authorities are doing all they can to drive the people into rebellion, or, as some say, into the hands of Russia.

Private letters speak in strong language about the doings of the tsai-li-ti, a powerful sect, something like the tao-hui. These people are gathering in bands and defying the petty local authorities. They are strongly anti-foreign.

Reports are circulated that China intends to open the island of Changbainuen, near Canton, as a treaty port, to prevent Germany or any other power from gaining it. The island in question is better known as St. John's. It is situated to the southwest of Maco, between that colony and the new French possession of Kwang Chau.

Chin Bok Kwa, a rebel chief of Formosa, was enticed by Japanese officials to surrender under a false sense of security and then barbarously executed.

A Peking telegram says that England has objected to the borrowing of funds from Russia and France for the construction of a railway from Peking to Hankow.

The important features of the treaty just concluded between Japan and Siam are the retention of the stipulation for deciding by the arbitration of a third party questions arising out of the interpretation of the provisions of the treaty or any violation of the treaty. The last named feature constitutes Japan's first acceptance of the principles of arbitration in connection with any treaty.

## BUSINESS ON THE INCREASE

Central Pacific's April Statement Makes a Healthy Showing.

SAN FRANCISCO, July 20.—The April statement of the business of the Central Pacific railroad has been made public. The gross earnings during the month were \$1,330,400, an increase of \$319,810 over April of last year. The net earnings were \$536,114, an increase of \$165,334. For the first four months of this year the company's gross and net earnings were \$3,758,448 and \$1,246,476, an increase of \$214,309 in gross and of \$4,152,557 in net receipts.

## GARCIA WILL NO LONGER CO-OPERATE

Claims He Has Been Mistreated by the Americans, and Will Withdraw His Forces to the Hills.

NEW YORK, July 21.—A Santiago special to the Journal, dated July 20, says General Garcia has written a letter to General Shafter, declaring he is disgusted with his treatment at the hands of the Americans, and will, therefore, withdraw his forces to the hills. Among the things of which General Garcia complains is the failure of the American commander to officially notify him of the surrender of the Spanish force under General Toral. He is also incensed at the alleged fact that he was not invited to be present at the ceremony attending the formal capitulation of Santiago. Another grievance is the retention of the Spanish civil authorities in the administration of their functions in Santiago. For these reasons Garcia declares he will no longer co-operate with the forces under General Shafter, but will act independently as he did before the American troops landed in Cuba.

## WATSON'S DEPARTURE HAS BEEN DEFERRED

### Unless Some Contingency Makes it Necessary He Will Not Cross the Atlantic--It is not the Present Intention to Carry War Into Spain.

WASHINGTON, July 22.—The project to send Commodore Watson across the Atlantic has been suspended and he will not leave American waters at all unless some contingency of the war makes necessary sterner measures to seek peace than have thus far received the president's approval.

Secretary Long said this afternoon that the departure of the fleet had been deferred until after the Porto Rico campaign at least; but further than that he declined to indulge in predictions. It is stated advisedly and upon highest authority that the president never contemplated an attack on Spain except as an extreme resort to terminate the war. It has never been his intention to bomb-

## SAGASTA MAY LEAVE THE CABINET

Report That Weyer May Form a New Cabinet in Spain.

LONDON, July 21.—According to a special from Madrid, Senor Sagasta has again offered to resign, and has been counseled by the queen regent to advise with the other political leaders relative to his future course. It is also reported that General Polaviejas' return to Madrid is closely connected with the coming change in the ministry, and that General Weyer will form a cabinet, in which General Polaviejas will be minister for war. This combination, it is further asserted, will support the dynasty, repeal the suspension of constitutional rights and continue the war to the utmost limits.

LEAVENWORTH, Kan., July 21.—The examination by a board of officers of a class of thirty-six civilians for commissions as lieutenants in the army has ended at Fort Leavenworth and twenty-four of them passed. The examination was not nearly so severe as that usually given to privates from the regular army, and the large percentage of failures caused surprise.

## NEW THREES ARE IN MUCH DEMAND

People Disposed to Change Old Issues for New Bonds.

NEW YORK, July 20.—The Times says:

While the government bond market was quiet today, there was a lively inquiry for the new government 3s when issued, and a disposition was evident to change old issues for the new bonds. The quotations that rule were about 102 1/2 bid, 103 asked. These, however, were regarded as tentative, and made to induce holders of the popular denominations of \$500 and under to surrender their allotments, the impression being that when the new bonds are in existence the prices will range between 104 and 106.

Zimmerman & Forshay, bankers, offer to buy at the bid price and to sell at the asked price.

Blanco Has Not Resigned. MADRID, July 20.—The minister of war, General Correa, categorically denies that Captain-General Blanco has resigned. He adds that there is absolutely no news from Cuba, as the Americans control the wires and refuse to transmit official dispatches.

Spanish Gunboat Sails. ASSUMPTION, Paraguay, via Galveston, Texas, July 20.—The Spanish torpedo gunboat Temerario, which has been undergoing repairs for weeks past, has left here, going in the direction of Cuba, Brazil.

Schedule of Expenditures. Showing the amounts of all claims presented, the names of all claimants, the article or claim for which payment is made, the amounts allowed and the claims continued or rejected at the July term, 1898, of the County Court of Wasco county, Oregon. The following list, however, does not contain any claim for which the salary or fees are provided for by statute:

Times-Mountaineer, publishing and printing	8 20
